IDENTITY / MYSTERY / SURVIVAL

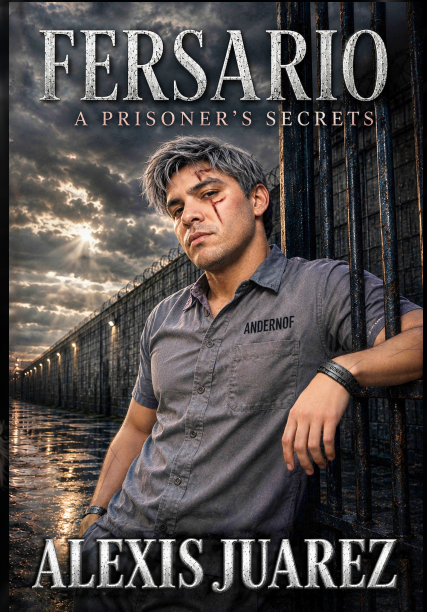

This is where the descent begins.

BOOK TWO

A PRISONER'S SECRETS

Fersario survived the truth about his past.
Now, he must survive what comes next.

Inside a juvenile correctional world, alliances
shift, danger grows, and the secrets
surrounding him become harder to escape.

The mystery does not end with freedom.

THE FOUR PILLARS

WHAT DEFINES FERSARIO

SECRECY

What is hidden is never harmless.

PSYCHOLOGICAL TENSION

Pressure begins inside the mind.

FRACTURED TRUTH

Reality arrives in pieces.

EMOTIONAL CONSEQUENCE

Every decision leaves a human cost.

FERSARIO

BENEATH THE DARKNESS

A WORLD THAT KEEPS CHANGING

FERSARIO moves between bleak realism and strange, almost impossible phenomena. The visual language changes with the story: steel, rain, black fire, scars, color, and silence all become part of the mystery.
